JustGiving will assign you a link [www.justgiving.com/fundraising/first name-last name](http://www.justgiving.com/fundraising/first-name-last-name) or if you would like, you can create your own link.

Example: [www.justgiving.com/marathonfundraiser](http://www.justgiving.com/marathonfundraiser)

The screenshot shows a two-step process for creating a fundraising page. Step 2, 'Choose your fundraising page web address', shows the URL 'www.justgiving.com/fundraising/' followed by a text input field containing 'Lisa-Klein3'. Step 3, 'Choose your fundraising page settings', includes a consent statement: 'I'm happy for Southern Ocean Medical Center Foundation, Inc. to keep me informed, by email, about the impact of my fundraising and other ways to stay involved including future events, campaigns and appeals.' Below this are two radio buttons: 'Yes please, opt me in' (selected) and 'No thanks, opt me out'. A note states: 'NOTE: Southern Ocean Medical Center Foundation, Inc. will receive your details and may need to contact you to support you in this fundraising effort. You can update your preferences directly with Southern Ocean Medical Center Foundation, Inc. at any time.' A blue 'Create your page' button is prominently displayed. At the bottom, a footer contains the JustGiving logo and links for 'Terms of Use', 'Privacy policy', 'Cookie policy', and 'Help & support'.

Click the create your page button.

- The hospital/network page will transfer to your fundraising page, but we suggest you edit and make it personal.
  - Tell people why you are fundraising, why it's important to you, and why you want them to donate.
  - Make your page more personal by adding pictures and videos.

#### Story

Join me and donate now! A gift to Southern Ocean Medical Center COVID-19 Emergency Relief Fund in any amount will help them obtain the vital supplies and equipment they need, such as:

- iPads for the isolated patients at the medical center who are unable to have visitors due to the COVID-19 crisis. iPads provide comfort to the inpatients who are missing their loved ones. While many of us are home surrounded with our family, they are fighting this virus alone.
- Sanitizing technology that uses ultraviolet light to kill germs in patient rooms. In 90-seconds, all organisms receive enough UV light to kill them off, including COVID-19.
- Ventilators, which deliver air to the lungs through a tube placed in the windpipe of patients who are having trouble breathing

Join me in supporting the Southern Ocean's COVID-19 Emergency Relief Fund.
